Hockey Alberta Identifies Top 46 Athletes for Team Alberta Program

For Immediate Release

RED DEER – Hockey Alberta has identified the top 46 U18 female hockey players for its Team Alberta program. After two regional evaluation camps which had 80 athletes at each camp, the list has been narrowed to 46 athletes bringing Hockey Alberta one step closer to naming its 20 athletes for the Team Alberta squad competing at the 2009 National Women's U18 Championship.

The 2008 team will compete in Surrey, BC. at the Championship November 4-8, 2009, the largest championship for this age level. It is also one of the first stages for Hockey Canada to identify players for the National Program.

The selection process for the top 46 Alberta players will continue with a week long provincial camp in Calgary June 30 to July 5, 2009. The camp will expose these girls to high levels of competition and test their abilities to compete for an entire week. Each girl is hoping to earn a spot on Team Alberta.
